JCC PRICING

MERCHANT PRICING

With respect to Consumer cards issued by banking institutions in the Euro Area Region JCC applies the following rates based on the MIF++

- MIF - multilateral interchange fees (0,2% for debit consumer cards and 0,3% for credit consumer cards)
- + - Card scheme/processing fees
- + - Fixed costs and acquirer fees which is based on risk factors like your representations of your method for doing business, anticipated transaction amount(s), expected annual transaction volume and other factors.

The aforementioned pricing is in line with the requirements of the '**Regulation (EU) 2015/751 of the European Parliament and of the Council of 29 April 2015**' on interchange fees for card-based payment transactions on interchange fees for card-based payment transactions.

With respect to all non-Consumer cards and cards issued by banking institutions outside the Euro Area Region

These cards do not fall under the provisions of the EU Regulation 2013/0265 (COD) and hence other interchange fees are applicable based on International Card Schemes pricing which vary depending on the country where the card was issued.

BANK PRICING

JCC provides routing services to all local Banks that includes connection and processing with Card Schemes, authorisation, clearing and settlement services on a Domestic Level.

For authorisation routing and clearing and settlement services, JCC applies a “stepped pricing” offering volume discounts to local banks.

Additionally, JCC offers a range of services towards issuing banks including and not limited to lost/stolen card reporting on a 24/7 basis and ATM switching. Such services are charged on a transaction basis.

JCC applies a uniform pricing to all participating banks.

Annual fees and charges are available to all prospective participating banks upon request.

Any changes to our services and related fees are discussed, agreed and communicated to all participating banks in advance.
