

JCC Payment Systems Selected to Participate in the Digital Euro Pilot

Nicosia, 14 July 2026 - JCC Payment Systems announces that it has been selected to participate in the Digital Euro Pilot, following today's announcement by the European Central Bank (ECB) regarding the list of participating Payment Service Providers (PSPs).

The Digital Euro Pilot is a Eurosystem initiative involving selected market participants. As a participating PSP, JCC will contribute to pilot activities in accordance with the framework established by the Eurosystem.

"We are pleased to participate in the Digital Euro Pilot and to contribute to this Eurosystem initiative. Our selection reflects JCC's established role within the payments industry and its ongoing contribution to the payments ecosystem in Cyprus. We look forward to collaborating with the relevant stakeholders throughout the pilot programme," **stated Markos Shiarly, Chief Executive Officer of JCC Payment Systems.**

The Digital Euro Pilot forms part of the Eurosystem's ongoing work concerning the exploration and testing of a potential Digital Euro. Further information regarding the Digital Euro and the pilot is available through official communications published by the European Central Bank and the Central Bank of Cyprus.
